NOTICE OF FILING

BRIEF DESCRIPTION OF THE PLEADING (*Relief the Company is Seeking from the Commission*):

Water Supply Company, Inc. is seeking to recover the cost from customers for disconnecting and later reconnecting water service for two situations.

1. When a delinquent customer does not make arrangements to make payment of past due amounts according to ORS regulations and guidelines, water service must be terminated and the water meter locked to help prevent theft of service. Water Supply Company, Inc. is charged \$20 to terminate service and lock the meter and \$20 to remove the lock and restore service by our servicing contractor, AAA Well Drilling, Inc., when the formerly delinquent customer makes payment to restore service. Water Supply Company, Inc. also incurs \$25 in administrative costs for mailing the required customized delinquent notices, faxing termination and reconnection requests associated with the termination, coordinating with AAA Well Drilling, Inc. and making special arrangements to receive payments in person when convenient to the customer in order to expedite restoration of service. Therefore, Water Supply Company, Inc. seeks to charge \$65 for a reconnection fee, which does not in any way increase our utility's rates. Water Supply Company, Inc. has never sought and is not seeking any kind of rate increase since its inception.

2. We experience a high turnover of residents in Wild Meadows which Water Supply Company, Inc. services. Many of the owners are landlords who rent their properties. We are frequently asked to disconnect water service when the landlords are between tenants in order to avoid vandalism or illegal squatting in the homes. We are seeking to charge \$65 for a reconnection fee when new tenants begin accounts, to cover our costs for reconnecting which does not in any way increase our utility's rates.

STATUTORY OR OTHER LEGAL AUTHORITY UNDER WHICH PLEADING IS FILED: _____

Section 58-5-240 (G) "Notwithstanding the provisions of this section, the Commission may allow rates or tariffs to be put into effect without a hearing upon order of the Commission when such rates or tariffs do not require a determination of the entire rate structure and overall rate of return, or when the rates or tariffs do not result in any rate increase to the public utility, or when the rates or tariffs are for experimental purposes."

IF THE PLEADING IS A RATE CASE AFFECTING THE GENERAL BODY OF SUBSCRIBERS, LIST ALL CURRENT AND PROPOSED RATES AND ANY OTHER CHANGES TO THE COMPANY'S TARIFF CURRENTLY ON FILE WITH THE COMMISSION: _____
